Roger Burmeister
Sirius Construction
825 Cooper Street
Missoula, Montana
59802

9/07/2004

To Whom It May Concern:

Sirius Construction was the general contractor for the remodel of the fourth floor of the Annex at the Missoula County Courthouse. The remodel consisted of removing the old jail and remodeling the space into offices for the County Attorneys and Information Services. I would like it known that the job was ran efficiently and in a timely manor. Ed Adams who was the foreman, and Roger Burmeister who was the job superintendent for Sirius Construction did an excellent job of scheduling materials and sub contractors so that the job flowed efficiently and ahead of schedule. The workmanship was excellent and the job site clean.

If anyone would have any questions about this job, please give me a call at 406-258-4756.

Thank you,

Larry Farnes
Facilities Manager
Missoula County
