Re: Reference Letter

To Whom It May Concern,

Temp Right Service has been working with Sirius Construction for more than a decade on projects of many sizes and scopes. Sirius Construction has been a valuable partner in delivering both Design Build and Plan Spec projects for their customers. Sirius Construction's experience on various types of delivery methods brings the best of both worlds to their customers projects. Sirius Construction and their team of professional estimators, project managers, superintendents and field installation crews work side by side with their subcontractors to meet the customers' expectations and time frames. Sirius Construction brings win-win solutions to their customers in partnership with the trades that work for them.

Sincerely,

A handwritten signature in blue ink, appearing to read 'R. Skillicorn', with a long horizontal flourish extending to the right.

Robert Skillicorn
VP of Construction
