Community Medical Center
2827 Fort Missoula Road
Missoula, MT 59804

To Whom It May Concern:

It is with great pleasure that I write this letter of reference on behalf of Sirius Construction. We have been working with Sirius over the past year to complete the remodel and expansion of our new facility. The approximate value of the work performed is \$5.5 million.

Staffed with dedicated and motivated employees, Sirius has far exceeded our expectations in every phase of this project. The complexities of our project have included the remodel of a building estimated to be 100 years old and the construction of an addition to double the square footage of the entire facility. Through every phase of the project, Sirius has met all scheduled deadlines and has provided quality work. This is a direct result of their meticulous planning and organization in each phase of the project.

Communication has been excellent and professional. Throughout the project, the construction work has had minimal impact on our operations and Sirius has taken extra steps to ensure the comfort of our patients. We have not experienced any productivity loss due to the construction. Additionally, Sirius has presented viable and cost effective solutions when problems have been encountered.

The quality of work generated by Sirius has been exceptional. They are a reliable, competent company that has displayed professionalism in all of the work they have performed for Partnership Health Center. I am confident that they will meet and exceed your expectations and have no hesitation in recommending them for your proposed project. Please do not hesitate to let me know if you have any questions or need additional information.

Sincerely,

Kim Mansch
Executive Director
